My dear Mrs. Manley,

Hello again. I just completed sending out my radio publicity to the sportscasters in the New York area for the week end tilt which finds the Newark Eagles playing the New York Black Yankees at the Yankee Stadium. To date the radio men have been cooperating with me to the nth degree. I hope that the Eagles can win Sunday after dropping two heart-breakers last Sunday. I trust that all is well and that the team keeps on swingin'. If you've any new items for use let me know.

All the bestest,

Jocko Maxwell
